

## **Jawaharlal Nehru Elumalai** **(Angular Front-end Developer)**

#30/1, Chinnaswami Mudaliyar Road, Shivaji Nagar, Bangalore,  
Karnataka - 560051

Contact: +91 6382043976 | [nehru00123@gmail.com](mailto:nehru00123@gmail.com) | <https://asknehu.com>

### **Personal Details**

**Date of Birth:** 14-Nov-1988

**Marital Status:** Married

**Nationality:** Indian

### **Career Objective**

As an aspiring **Angular front-end developer** for more than **Two years of experience**, I am dedicated to honing my skills and advancing my knowledge in this exciting and rapidly evolving field. I have a solid foundation in **Angular framework** and **front-end development**, and I am eager to continue learning and growing alongside a dynamic and collaborative team. My goal is to leverage my current experience to contribute to the success of innovative and forward-thinking organizations, while also expanding my skill set to take on new challenges and opportunities.

### **Experience**

#### **1. Wolken Software Pvt Ltd - Aug, 2022 - Till now** Associate UI Developer

At Wolken Software Pvt Ltd, I played a pivotal role in the development of a comprehensive IT Service Management (ITSM) suite. This intelligent platform, hosted in the cloud, empowered clients to seamlessly transform, digitalize, and automate their processes. My contributions included bug fixes, feature enhancements, and the adept utilization of Angular Framework and associated libraries for API integrations.

#### **2. Ninjacart Pvt Ltd, Bellandur, Bangalore - May 2022 - July 2022** Angular UI developer - Intern

During my internship as a UI Developer at Ninjacart, a product-focused software company specializing in B2B e-commerce for fresh produce, I played a vital role in enhancing their website. My responsibilities included troubleshooting and improving existing features, leveraging my expertise in the Angular Framework, libraries, and API integrations.

#### **3. Freelancing, Salem, Tamil Nadu - Sep 2021 - May 2022** UI developer

As a beginner in web development during covid-19 pandemic, I joined as an assistant to a web developer (Mr.G.Prasanth, Angular UI Developer, TCS. Ph: +91 9500249898) with a focus on improving UI pages. During my tenure, I successfully created several webpages, including those for Gym website, Yoga ad Website, Fashion, Food...etc. in collaboration with him. This experience honed my skills in HTML5, CSS3, Bootstrap 5, JavaScript ES6 and Angular 8. I have listed few of my sample websites in my portfolio website

www.asknehru.com
